TRUSTEES' ANNUAL REPORT

31 MARCH 2024

Activities, achievements, and review

The Trust continues to emerge out of the Pandemic; the empty bungalows have been renovated which has resulted in both an increase in income as well as an increase in costs. As a result, the operating surplus at £4,534 was comparable to the prior year (£3,958). However, the investments performed well In the year with a positive movement in year of £22,940 compared to a fall in value of £27,273 in the prior year.

Overall, the Trust showed a net surplus for the year of £36,555 (2023: deficit of £15,491) as set out in the Statement of Comprehensive Income on page 5.

Public Benefit

The Trustees have reviewed the Charity Commission's guidance on the requirement to report on public benefit. They are satisfied that the work of the Charity, as described in the Charity Objectives, accords with its stated objects, and provides tangible public benefit to a wide section of those who reside within the Charity's areas of benefit; the criteria used to assess those who may benefit is not unreasonably restrictive.

Reserves

Income and expenditure reserves are held to enable the maintenance and updating of bungalows and, to enable the Trust to update service installations. The total of these reserves held at the year-end was £1,225,479 (2023: £1,189,644).

The Extraordinary Repair Reserve stands at £53,460 (2023: £48,600). This amount will continue to be reviewed on a biannual basis at meetings of Sir ED Walker Trustee.

Investment policy

The Investment Advisors are instructed to invest at Risk Level 5 which is looking to maintain the real value of the investments whilst achieving returns above inflation and as such, the portfolio will be more evenly balanced between equities and the combined asset classes of cash, fixed interest, and alternatives.

Structure, Governance and Management

The Charity is an unincorporated trust constituted under a trust scheme dated 18 November 1997 and is a registered charity, number 230359, formed by the will of the late Sir E D Walker who died in 1919.

Trustees are recruited, when necessary, by continuing trustees. New trustees are given appropriate induction and ongoing training to allow them to perform their duties effectively and fulfil their obligations. The Trustees agree the broad strategy and areas of activity of the charity including consideration of investment, reserves and risk management policies and performance.

Trustees' responsibilities

Under registered social housing legislation, the trustees are required to prepare a statement of account for each financial year which gives a true and fair view of the state of affairs of the Trust at the end of the year and of its surplus or deficit in the year. In preparing the statement, the trustees are required to:

- select suitable accounting policies and apply them consistently.
- make judgements and estimates that are reasonable and prudent.
- state whether applicable accounting standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the statement of accounts.
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Trust will continue its operations.

NOTES TO THE ACCOUNTS

FOR THE YEAR ENDED 31 MARCH 2024

1 Legislative Framework

The Trust is registered as a charity under the provisions of the Charities Act 2011 and is a Registered Social Housing Provider.

2 Basis of accounting

The financial statements have been prepared in accordance with The Financial Reporting Standard 102 - the applicable reporting standard in the United Kingdom and Republic of Ireland (FRS102), the Statement of Recommended Practice: Accounting by Registered Social Housing Providers (2018) and with the Accounting Direction for private registered providers of social housing in England 2019. The accounts are prepared in accordance with the historical cost basis of accounting except as modified by the revaluation of investments and certain fixed assets. The Trust is a public benefit entity under FRS102.

3 Accounting policies

The following accounting policies have been used consistently in dealing with items which are considered material in relation to the Charity's financial statements.

Housing Properties

Housing Properties are recorded at the figure at which they were revalued in 2017.

Depreciation

Depreciation is charged at the following rates: Land —no depreciation

Buildings -2% straight line

Plant & Equipment – 25% and 12.5% straight line

Fixtures & Fittings —25% straight line Computer equipment - 33.33% straight line

Turnover

Turnover is represented by contributions receivable from the licensees of the almshouses, rental income and donations and legacies.

Investment income

Investment income is recognised in the accounts when it is received.

Investments

Quoted investments are valued at the mid-market price at the close of business at the year end. Unitised investments are valued at the average of the bid and offer prices or, if the bid price is not available, by adjustment to the offer price.

Pension costs

A defined contribution pension scheme is in operation and the pension charge represents the amounts payable to the fund in respect of the year.

Value Added Tax

As the majority of Sir E D Walker Trust's activities are classified as exempt or non-business activities for the purposes of value added tax, Sir E D Walker Trust is not VAT registered and so is unable to reclaim the VAT which it suffers on its purchases. Expenditure in these financial statements is therefore shown inclusive of VAT.

Extraordinary Repair Reserve

This is a designated fund set up to allow the Charity to continue in the event of something occurring which is out of the ordinary course of business. In essence, the reserve is there to cover the short-term costs and allow the Charity to continue to operate should such an event occur. Some of these costs may ultimately be recovered through insurance. The reserve calculation is based upon such an event.
